17. Starting Position:

The specific format for the events and qualification for races will be set by the Sporting Regulation of each series.

- 17.1. Grids: Should the number of starters of any race during the event exceed 30 the Stewards may split the grid into two separate races on the grounds of safety.

18. Safety Car (UAE Formula 4, TCR ME, Porsche GT3 ME, Lamborghini Super Trofeo ME & TRD86 Cup)

Should the use of a Safety Car be deemed necessary in the event of an incident, the circuit digipanel will be illuminated with 'SC' & yellow flags and SC boards will be displayed at marshal posts. Once the incident is cleared and the circuit deemed safe to run, the roof lights on the safety car will be extinguished after Turn 14. This shall be the signal that the safety car will be entering pit lane at the end of that lap. From this point the leader dictates the pace. At the moment the Safety Car enters the pits the SC signals will be replaced by green but overtaking is still prohibited. The racing will recommence from the Finish Line.

19. Code 60 (RADICAL MIDDLE EAST CUP)

If, in the event of a significant incident, the Clerk of the Course decides to initiate a Code 60, the Code 60 digipanel will be illuminated around the circuit by Race Control. It is the responsibility of all competitors to maintain a maximum speed of 60 kph, without overtaking, until such time as the circuit is declared safe and the Clerk of the Course gives the order to end the Code 60 period. At this time the Code 60 digipanel will be extinguished and flashing green panels illuminated around the circuit for a period of approximately 20 seconds. Once the flashing green panels have been illuminated all competitors may resume racing.

20. Pit Lane Speed Limit

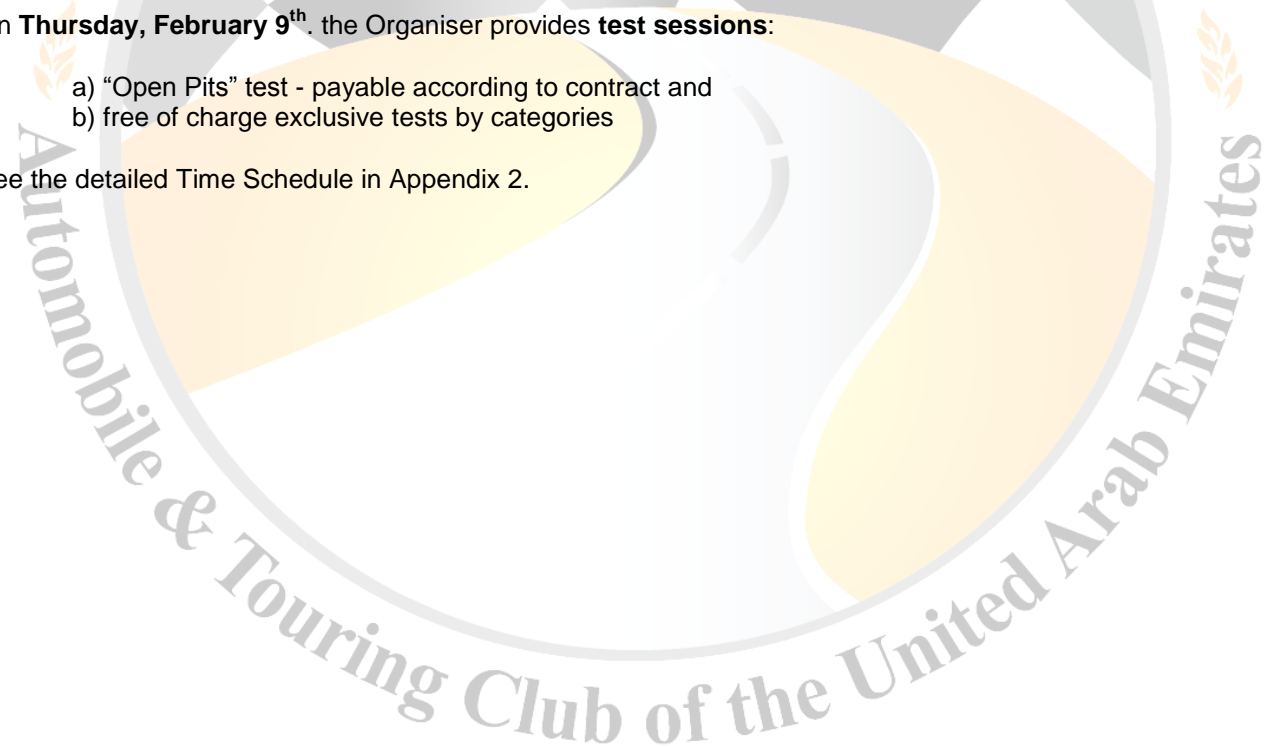

For safety reasons the 60 kph (50 kph for Lamborghini Super Trofeo ME) speed limit is extended beyond the Pit Lane Exit, through the tunnel. The end of speed limit is at the Pit Exit Marshal Post 3, indicated by a white line across the track and by the speed limit end board. The total length of this extended section is 635 meters.

21. Testing

On **Thursday, February 9th**, the Organiser provides **test sessions**:
